

THE BEST LOCAL BUSINESSES

Restaurants/Bars

Kensington Grille, New Hudson, MI:

The absolute BEST BBQ in town. Hell, in the surrounding 5 towns. Great atmosphere, great food, great beer selection. Personal favorite of mine. I miss it dearly. Dave Sinowetski

Witch's Hat Brewery, South Lyon, MI:

What can I say? As a mug club member I may be biased, but the biggest, best, and most wide ranging beer selection anywhere. All handcrafted with love by the amazing staff. So friendly and welcoming. They make you feel like part of a family. They just opened a full service kitchen I can't wait to try when this is all over. Because if the food is anywhere near as good as the beer, I'm in! Dave Sinowetski

Roos Roast Coffee - Alon Kahana

Blue Llama Jazz Club - Alon Kahana

Mighty Good Coffee - Alon Kahana

Stinger's Bar, Wixom, MI:

Local watering hole with as much class as ass. Think Hooters meets biker bar. Decent enough food. Cold beer, pretty girls, Keno, what else could you need? Dave Sinowetski

Dexter A&W...simple, quick, good and classic. Old school park and they come to your car. Root beer just tastes better there. And you can eat outside as well. Jason Kolka

Dexter Pub...good food and drinks. Community focused and locally owned. Can't ask for more from a small town establishment. Jason Kolka

Dexter Cider Mill is a no brainer but not open year round....Visit it twice a week when it opens. Kolka, Jason

Thompson's Pizza - I won't be the only one to call this business one of their favorites. They've won several awards for their great pizza but the secret of their success is much more than that. The late owner, Linda Collins was a pillar in our community for many years. Her kindness and generosity will live on through her daughters who now own and operate the business. They all have the same big heart and treat their customers like family and friends. Phil Knight

Dominics Bar and Grill (Ann Arbor): you haven't done A2 unless you get to hangout and share a Jar of their famous sangria. It is all about the atmosphere. akio olving

Crazy Jim's Blimpy Burger (Ann Arbor): a pass time like no others. Grab a burger after a Michigan football game! akio olving

Fleetwood Diner (Ann Arbor): the 24/7 open diner that always fills your cravings. Nothing like meaty Hippie Hash at akio olving

Wolverine state brewing company- Good people. good atmosphere. good beer. There's a lot of breweries out there that are trying really hard To tell you what you should like and become awfully pretentious. Not there. Aaron

Blank Slate Creamery, Ann Arbor. Two words: ice cream. We love that they use fresh local ingredients, and their flavor combinations are amazing. Christopher Leonido

Side Track, Ypsilanti. Great assortment of beers on tap, and their food is absolutely delicious. If you go, order the left side of the menu and back it up with the right, can't go wrong with anything you order. Christopher Leonido

Maize Mexican Cantina in Depot Town-. Always a great meal and good atmosphere here. The Chile Rellenos with chicken are the best I've ever had and pairs great with a tall Dos Equis! Happy hour specials are great too, try the baked avacado appetizer too! brian walsh

Red Rock BBQ on Michigan Ave in Ypsilanti- Good BBQ and brew at this cozy place. The burnt ends are amazing and they offer several BBQ sauces to meet your fancy. But don't go too late, the burnt ends are first come first serve til they are gone. They always have good tunes playing too! brian walsh

Richards pizza, Berds, and Jolly's Kevin Pater

Knight's Steakhouse -Dexter Ave (plus Jackson, downtown AA). Great food and ambiance. A place where everyone gathers. Been around for 30+ years. Great waitstaff. STAN KUKLA

Palm Palace. Ann Arbor: Always great tasting food and we get carry out about 90% of the time and they always get the order right. Friendly people as well. Jim VanBoven

Gino's East Pizza (Chicago) - I enjoy eating but there are few restaurants that you truly get excited to visit, even to the point of making advanced plans and taking a large group of friends with. Where else can you eat the best pizza in the world with huge adult beverage selection and be able to carve your name in the wall or seating areas. Clearly the best in the world (and I have been all over the world to defend this statement)! Chuck Hookham (born to golf from the left rough!)

Mac's Acadian Seafood Saline: Great food and atmosphere. great people that really take care of their customers. Lunch or dinner and a great happy hour special of mussels. Jim VanBoven

Brecon Grille Saline : Always a great list of Michigan beers on tap. Food is always great and a great atmosphere. Again lunch or dinner, it's a great place. Jim VanBoven

DKY Sushi - Ann Arbor (West Side - Jackson/Zeeb) - This is a small mom/pop shop in a strip mall found within a condo complex. You would never guess that this small place would have the best Sushi in Ann Arbor. Been there many times and never left disappointed. Josh Richelew

Life is sweet in Milan mi. The food items and "sweets" are unbelievable. They love their town and have done all they can thru these tough times to provide comfort to their community. Julie Lewis

Brecon Grill. We go there for their happy hour specials and the wait staff is so great, the owner always stops by the table to make sure all is good. Julie Lewis

Earthen Jar. Ann Arbor. Long time Ann Arbor Indian food restaurant that puts out truly great food by the pound. Plus the only Indian restaurant I know that has non-stop Bob Marley tunes playing. Chris Mile

Palm Palace, Ann Arbor. Great middle eastern restaurant with warm out of the oven pita bread. They recently did something wonderful for the local hospital. They feed the entire ER and ICU staff a well deserved free meal. They are also giving kids free meals during the pandemic. Chris Mile

West End Grill - Ann Arbor (Downtown- W Liberty) - few restaurants have the food quality and the service that makes you feel special every time you go in there. A high end restaurant that is tough to beat - would beat the Earle, Main St Ventures restaurants and Ruth Chris' hands down. Limited seating make the need for reservations (especially of football Saturdays) a must. Josh Richelew

Valiant Grill - Chelsea - This is the "Cheers" restaurant. A lot of history backed up by good food and drink. The staff treat you well and the owner does an amazing job of making you feel welcome! Similar to the Brown Jug in Ann Arbor, but with a little more space and a little quieter if that's what you are looking for. Josh Richelew

Precinct – atmosphere, amazing food, Cincinnati classic...Jeffrey A. Christoff

Holmes Brewery- always a great variety of craft beers and food. Staff is very knowledgeable. Love spending time there. SUE

Klucks in Ypsilanti. When I just need a break from home cookin I can slide in there for a quick burger to go. Paul Publiski

JRs in Milan. They are very courteous to start with. But, going there for a dinner of ribs and a dessert of chocolate cake is to die for. Paul Publiski

Rappourt Brew and Chew: Best place to grab a beer and a bite after playing Leslie. Love this idea to support local business, which in turn, makes me love you even more! Ross Weener

Stormcloud, in Frankfort: good beer, pizza & service in an out-of-the-way town. The owners took a chance by starting a craft beer place in a state that's crowded with craft choices. They succeeded big time. OK, I need to add Miles of Golf. I know this is against the rules, but their club-fitting is top notch. Last time I went in to check on new irons, I tried several with the launch monitor. My club fitter concluded that what I already had in my bag fit me as well as any new set, so he didn't make a sale that day. Honest, experienced, trustworthy. Brent Rector

Bills Hot Dog Stand Ypsilanti. Simply one of a kind. You think of Ypsi, you think of Bills hot dogs. Whenever I have an out of town visitor, I take them to Bills. Even had a friend that wanted me to send him some chili dogs through the mail, true story. Tramey34

Full House Restaurant, No doubt an iconic staple of Ypsilanti. Great owner in Mike, around forever and another must for out of towners. The only burger in town. Tramey34

Fretboard Public House, Hamilton, OH. Always great food and service, easy to find and park. You can take a great walk across the street to the main bridge before or after dinner and view the Great Miami River and the scenic view. Dean Devin

Gracie's - Middletown

Hidden gem - upscale food (reasonably priced) in a small town with a wide variety of food, beverages and dessert. Amy is the owner and she always makes a point to visit each table. Casual atmosphere with neat decor. John Howard

Tortilleria Garcia - Springdale

Flat out yummy! They make homemade tortillas and the food right in front of you. Variety of Mexican sodas. Family business and very friendly. Always need a nap after one of their burritos! John Howard

Frita Batidos: The chorizo frita with sunny side up egg, coconut cream batida and garlic-cilantro fries are exquisite. Alan Knaus

Pizza House. Their deep dish pizza with chorizo and extra sauce is my favorite. Alan Knaus

Amadeus Just like grandma used to make .Greg Rominski

Sidetrack Enjoy depot town and sitting at the bar reminds me of Dad telling of picking up the chicks from railroad freight. Greg Rominski

Pointless Brewery and Theater (Packard) – Inprov comedy and delicious beer just down Packard from Miles of Golf. This place is a gem in our community that few people know about. Brian M. Rubel

King Shing (Carpenter Road) – Love to hit balls at Miles of Golf and pick-up take-out from the tasty Chinese restaurant just down the street from Miles. Brian M. Rubel

Dimo's, Ann Arbor on Stadium across from the post office. Best donuts in town. An occasion donut from Dimo's provides so many good feelings, memories, and calmness that your golf swing is sure to be smooth and scores will improve. Great breakfast sandwiches as well. Walid's "friendly" greeting and banter always leave me in a good mode. Eric Macke

Angelo's, Ann Arbor – raisin bread (mic drop, time for golf!) Eric Macke

Skyline Chili, Cincinnati. A shout out to my friends and family in Cincinnati. Every time I go to Cincinnati, I must stop in at Skyline for some coneys piled high with cheese or the trip is not complete. Eric Macke

Brecon Grill-Saline. Great staff. I am always greeted with a smile. The owner goes out of his way to say hello. Generous cocktails and their \$5 glass of wine during Happy Hour is a great deal. Their menu covers almost everyone's appetite.

Just a great pub where everyone knows your name. Dave Hahn

Paisanos Restaurant

Owners, Mike and Bridgett Roddy Are always on top of their game. Perhaps the most... At least one of the most consistent food venues in town. That's saying a lot. Ed McEachern

Bell's Diner - Best BiBimBap ER Baird

Pacific Rim - Best Big Eye Tuna ER Baird

Grange Kitchen & Bar - Best Chef ER Baird

Back Porch Saloon. West chester, Ohio. mGood food, friendly staff, and you can't beat their outdoor area during good weather!

Municipal Brew Works. Hamilton, Ohio. Many great tasting beers, friendly environment, and right next to Hamilton's outdoor concert venue. I've heard

that the Michigan governor has extended their stay at home order until such time that Michigan football beats Ohio State!!! Go Bux!!

Patrick Hoban

The Fuel, in Brighton, Mi, Green Oak Village Place
Fresh raw food meals. The meals are delicious and filling. You will want to go back for more.

Caseys Tavern They have by far the best burgers in town, great specials and are a place where locals always gather...and newcomers are delighted at the offerings. Friendly, outstanding food and a warm gathering place. Steve Goldstein

Bagel Fragel. Although they moved from Plymouth Road to Washtenaw (just lately), they are the epitome of a "family-like" bagel store. Always excellent bagels (and Fragels!!) with a great and friendly staff. It is easy to become a regular and feel like you are part of the family. When they had to shut down, due to rent or lease renewals issues, the 6 months or more before they found a new place to open...felt like a loss. While you could drive to the other side of town to Barry's bagels...or go to Plum market on Plymouth road for a small sample of Barry's bagels, it wasn't the same. It also turns out that while Zingerman's is truly an unbelievable place, they actually do not have the best bagels (personal opinion). Hopefully the regulars found their way to the new location. Steve Goldstein

Hello Faz Pizza in A2— OMG — the sauce! the crust! and the owners are such lovely kind people. The first meal we had in Ann Arbor when we moved here 6.5 years ago and they are always our go-to for pizza. Robin Wagner

Brewed Awakenings, Saline. The owner of this coffee shop, Kim, gives back to the Saline community like no other. She has never had anything less than a perfect health inspection and makes amazing food, the best Mac N Cheese around! Cindy Munday

Palm Palace, Ann Arbor. Great food at a reasonable price and the first I've seen to offer tamper proof packaging to keep food deliveries safe. Cindy Munday

Young's Dairy Yellow Springs Ohio, the portions of food are overwhelming, including the dips of ice cream, I joined the Cowin club for \$89.00 unlimited golf range, mini golf, batting cages, and children's rides. 100 years of pride and good service. Enjoying my new clubs, only 5 rounds so far, it was worth the drive from Enon Ohio.

Harvest Moon Restaurant (Ypsilanti) - Good honest food with more than enough portion sizes. Now that they have a bar and a big screen TV - well it doesn't get much better. Prices are great and the service is always top notch. Ready for

the closure to be over and get back there for breakfast on a Saturday morning!
Stephen Johnston

Paesano's Restaurant (Ann Arbor)- Tired of cooking? Need a trusted take out where the food is fresh, prepared beautifully and always made to meet your preference. Brought to the vehicle with a nice voice although we can't see the smile through the mask. And showing up in a suit and tie or in your "jammies" it doesn't matter. Throw in a bottle of wine and don't worry about the stay at home order for at least one night. Stephen Johnston

Salt Springs Brewery.... Great beer, good food, fantastic Owners and Brewers, and prior to Covid.... a special Thirsty Thursday hangout!! Ed Lustenader

Mi Zarape Mexican restaurant.... Great food, good drinks, and wonderful waitstaff!! I hope they survive and come back. Ed Lustenader

Corner Brewery (Ypsi): Delicious beers, spacious laid back atmosphere, outstanding service, delicious food, best brewpub around. Barrie, William

Pita Pita (Yspi): Family run restaurant. We have been going there for years. The food is delicious, the staff treat us like family. Best Baba Gannuje and Karnabeet around. They have delicious meat options as well, but my vegan wife has convinced me to try these exotic and delicious vegetarian plates. Barrie, William

Black Pearl (Ann Arbor): Great Main Street restaurant, outdoor dining on summer days is so relaxing, best fish tacos (by far) in Michigan, staff are always professional. Barrie, William

Mark's Midtown Coney The Saline location is "our place". My wife and I are both teachers, and we always go there for breakfast with our two kids on snow days. (we are about to be "empty nesters", so this will be a fond memory). We know waitstaff by name....Tara and Ashley have served our kids since they were in highchairs. Jeff Sloan

Weber's Just a first-class operation. We have been celebrating birthdays and other important occasions in their restaurant for years. My grandma, a 1933 grad., would never miss her "U of M Club" luncheons held there every Monday during football season. Jeff Sloan

Washtenaw Dairy: they have a great selection of flavors, the ice cream is excellent quality, and the servers are always smiling and pleasant. Nathan Greenough

Leo's Coney Island (on Carpenter Rd.): the food selection is quite vast, their prices are low, and the food comes very fast! Nathan Greenough

The Bomber Restaurant, Ypsilanti. A local favorite that supports the community. Interesting and historical decor, both military and non-military, make it a great place to people watch. The staff is always great. On game days you see people decked out in EMU and UM regalia so you know the reach is beyond Ypsilanti. Brian Fitzgerald

Knights Steakhouse. I like the original on the west side, and the one in Jackson, more than the downtown location because of parking and the menu is a bit different and old-fashioned. The drinks are well proportioned and the food is almost always very good. Excellent location for lunch. Another superior location for people watching - folks in suits, sport coats, dresses, casual wear, hats on head (not a fan of that), some tie dye once in a while. The decor is cheesy, but that is part of the charm and reminds me of restaurants of my parents' era. Brian Fitzgerald

Dairy Queen, Ann Arbor and Saline. The owner is probably the best golfer in the area, a friend, and a great place for kids to work. Plus it makes me feel like a kid again to get a cone dipped in chocolate. Chris Mile

Star's Cafe, Ann Arbor. Located in the Westgate shopping plaza, Star's is a "Mom & Pop" Lebanese place that exudes friendly charm and Middle Eastern hospitality, with the best hummus you'll ever taste. William King

Leos coney island. Its a great place for lunch, after hitting a bucket. Michael Dailey

Casablanca Restaurant -- Authentic Moroccan & Middle Eastern Cuisine. 734-961-7828. 2333 WASHTENAW AVE. YPSILANTI MI 48197. Always friendly, excellent food, really like the Moroccan food. Jim Daniels

Fun 4 All, Carpenter Road, Ypsilanti: In addition to being a golfer, I'm a "hobby gamer." Long winter golf layoffs are filled with "thinky" board games like Ticket To Ride, Concordia, and Raiders of the North Sea. Fun 4 All fills my board game addiction like Miles of Golf fills my golf addiction. As an aside, here's the key to all of my favorite local businesses: The Staff. Staff at my favorite locally owned businesses know their stock, know their customers' needs and always seem happy to help me out (even when my questions are stupid).

Zal Gaz Grotto -2070 West Stadium Blvd, Ann Arbor, MI 48103, 734.663.1202 -- a club for masons that is trying to survive in today's world, one of the few places left booking live music of all kinds at reasonable hours (8-11pm) , has room for dancing as well. Jim Daniels

Roos Roast on Industrial, Ann Arbor. The most unlikely spot you would ever imagine for a coffee shop. When I first went there I thought "no way will this ever make it" but the coffee was so good and the funkiness so outstanding it did make it and is booming business. Chris Mile

Tag's Café in Colerain Township on Springdale Road. I ADORE this small, family-owned and operated café-restaurant (owned and operated by my friend from high school, Terri Graber, whose initials make up the name "Tag's"). This café has authentic HOMEMADE food, made by Terri and her staff, and EVERYTHING is to die for! But especially her chicken salad, and meat loaf dinner! The homemade brownies, cookies, pumpkin bread, seasonal favorites, well I just cannot say enough about this adorable café. Plus, since I am a coffee lover, I appreciate that she uses all different coffee mugs to serve her guests, not a generic-one-kind of mug.....but all different ones, which is unique and I ADORE uniqueness! You will not be disappointed to frequent this café for food. Terri currently has carry-out available. She's one of the BEST! Kudos and applause to Terri, her staff and her ADORABLE café! Applause to all three of these local businesses, all run efficiently, all employing hard-working young individuals, all making so much deliciousness for all of us! Hats off to these three FABULOUS local businesses! Kay Brown

Morgan and York. Ann Arbor. They have gone through so many iterations to make this place work and it finally looks like it has made it. A local coffee shop at Packard near stadium with great food and ambiance. Chris Mile

The Cone ice cream stand! I also ADORE this small local business - mainly because ice cream makes so many people happy, including me! Who doesn't want to visit a local ice cream stand on a hot summer evening with family or friends? The Cone is located on Tylersville Road in West Chester (I think), close to Cincinnati-Dayton Road. I have my favorites from the Cone, but I always ponder choosing something new and different just cuz I can! Delicious, quick, easy access, employing hard-working young people - All of these things make this an easy choice for a local business. But probably most of all, I LOVE how this business brings joy to children, young adults, older adults, even dogs (mine included!) Who doesn't enjoy ice cream. Applause to all three of these local businesses, all run efficiently, all employing hard-working young individuals, all making so much deliciousness for all of us! Hats off to these three FABULOUS local businesses! Kay Brown

Trinity Pub. Fairfield Ohio. My favorite hangout after work at Miles of Golf in Fairfield. It is right on the old Miami Erie Canal that is not a great hiking and running trail. Chris Mile

Flub's!!! Need I say more? Can you tell I ADORE ice cream?probably why I run, because I adore ice cream! Flub's ice cream shop has two locations - one in Fairfield at Village Green, and the other in Hamilton. My favorite at Flub's is the #11 Cyclone, or "Cousin Weezie's Reece's Pieces" with hot fudge added! SOOOOOO MUCH YUMMMMMM! For the same reasons I ADORE the Cone, I love Flub's. Another Wonderful local business employing young adults who work hard and quick to handle their wonderful summer crowds. Once again, who doesn't enjoy ice cream on a hot summer evening? Applause to all three of these local businesses, all run efficiently, all employing hard-working young

individuals, all making so much deliciousness for all of us! Hats off to these three FABULOUS local businesses! Kay Brown

HOMES Brewery - The best beer in AA could be all that's needed for this list, but this place has consistently been our go-to happy hour/lunch/sports stop for their service, quality, and originality. We also really hope their current take-out burritos remain on the menu post-covid. Stephen Lott

Knight's steakhouse and market, Ann Arbor.
Great family feel in their restaurants. Excellent food & drink at value pricing.
Great places to socialize with the local community. John Codere

The Alley Bar, on Liberty in Ann Arbor
Friendly staff, great drinks, comfortable place and good art. The place where the service industry go for a drink. Jim Schulz

The Last Word on Huron in Ann Arbor
This place is like a "speakeasy" with only a small sign on the wall. The cocktails are out of this world and on Thursday they have nice jazz by locals. Last Word is giving away 300 meals a week for the workers in the service industry for them and their families. Hats off to them!
Jim Schulz

Live on 1st in Ann Arbor
Nice dance club, and on Fridays from 6:30 to 9:00 they have dancing for the experienced crowd or as I call it "Geezerpalooza", great bands and friendly crowd. Jim Schulz

Bewon Korean Restaurant, Ann Arbor. Friendly and family owned featuring good portions of tasty food and a no-frills setting. Try the Bibimbap or the Bulgogi. This is #1 the place we hit for take-out when we have been on the road, and can't face shopping and cooking. They usually take a vacation (in August?) and we have learned not to get our 'mouths set' on them before making sure they are open. Alan Marshall

Dairy Queen, Ann Arbor. It's not summer without getting a Buster Bar on a warm afternoon. You can get a discount if you buy six, which we seem to do at least once in the summer. Alan Marshall

Best Happy hour! Krogers on 747....aka...the KroBar, beer wine and go shop for your snack...excellent pricing and live entertainment! Bruce Campbell

Dining Downhome...Lisa's Kitchen. Owner is usually on site. Lisa was a server for ...a long time...and is now the owner...BEST CORNED BEEF HASH IN ...ANYWHERE, REAL CORNED BEEF and taters made on the grill..... Bruce Campbell

Dingle House Irish Pub & Grub - West Chester, OH. This pub is not just a place to go grab a drink at happy hour, the menu is excellent as well. From traditional Irish fare to American classics, Dingle House is just a great place to eat. The staff and management team have been in place since Miles of Golf arrived in Fairfield, which speaks to the awesome atmosphere and unparalleled customer service. Bruce Campbell

Acapulcos - Fairfield, OH (and a handful of other locations) This family-owned location strives to provide a variety of Mexican dishes that are both low cost and high caliber. They are receptive to custom orders and will go the extra mile to ensure customer satisfaction. Their to-go order process is safe and efficient so I highly recommend this as a carryout option to satisfy your craving for Mexican food. As Speedy Gonzalez would say, "Andale, andale, arriba, arriba!" Matt Bauman

House of Bangkok - Fairfield, OH. A long standing favorite for Thai food, this family-owned restaurant offers an outstanding array of dishes. After a few years of ordering a handful of favorites, I have ventured into many other dishes and have never been disappointed. They are willing to adjust spice level and make other accommodations for any palate. Matt Bauman

Raymonds Pizza - West Chester, OH. Another family-owned business that strives to provide fresh ingredients and a wide variety of Italian favorites. Raymond is also active in supporting many other local organizations, including sports teams, schools, and charities. Losing Raymond and his pizza place would be a major setback! Matt Bauman

Bagel Fragel – A truly unique classic bagel found only in Ann Arbor, sorely missed for more than a year but now open on Washtenaw. Kenneth Nemerovski

Cabana Restaurant. Outdoor only restaurant located along River Road on the West side of town that sits on the shore of the Ohio River. Montgomerymw

Casa Blanca. Moroccan food that is almost unique even in Southeast Michigan, where we are rich in Middle-eastern restaurants. I love Syrian and Lebanese dishes, but all too often the aromas offer unfulfilled promise of flavor. Not the Moroccan fare at Casa Blanca. Truly a family-friendly place. The owner could make a killing offering late hours during Ramadan. He closes so he can be at home with his family. And after two or three visits, you become part of the family. Grote Barbers. Local barber shop owned by husband and wife for as long as I can remember. Can't wait for the opportunity to visit them again! Harry Frank

Daylight Donuts. Great place to get at great donut, muffin, eclair, or danish. They have coffee and drinks also for your convenience. Townies Brewery There are many breweries near my house, many within a couple miles. My friends visited from OH (2 couples), we went to a few breweries at Ann Arbor west side. They say this place was best. I agree. We can bring food or buy behind of Mexican. Also, very relaxed and open atmosphere. In night, it was very cozy and comfortable in front of fire. So, we were keep talking and relaxed as the result, we stayed several hours. Junko Sonke

Maplewood Kitchen and Bar - Downtown Cincinnati
Not only does this California-style restaurant have an incredible menu with healthy dishes for all meals of the day, its open seating floor plan energizes and inspires feelings of refreshment (or maybe that's just the Cold Pressed Juice Mimosa talking). Braden Bailie

Pho Lang Thang - Findlay Market Cincinnati
If you're looking for authentic Vietnamese cuisine, look no further than Pho Lang Thang. Having recently moved locations, their new spot is much more spacious while still keeping their top notch service and impeccable menu. Every dish I have ordered has been better than the last and if you have never tried Vietnamese coffee, you've been missing out! Braden Bailie

Mesa Loca - Hyde Park Cincinnati
This upscale Mexican boasts a menu of so many enticing and flavorful dishes that you may have analysis paralysis! The sliced steak and ceviche are

phenomenal and the elote (Mexican Street Corn) is fantastic and already shaved off the cob to make it easy (and clean) to eat. The margaritas are the perfect mix of sweet and sour with just the right alcohol content to remain refreshing. Braden Bailie

Songbird cafe, great local place to visit with a friend (when safety restriction are done) Kevin Salley

Naked Burrito for their delicious food, business model, and friendliness. The food is outstanding, packaging is all compostable, and owners go out of their way to make everything perfect. Kevin Salley

Food

The Wine Castle. First of all, I love the way it looks. When we go there, I feel like we are traveling to a magical land where the Prince or Princess will help us find just the right collection of beverages to cope with being cooped up at home. They occasionally get one-of-a-kind special blends, which they happily describe in enticing terms. Leslie Arwin

Dexter Bakery...I mean fresh donuts! Simple as that but the white bread (sliced) is amazing as well. Staff is friendly on top of it. Kolka, Jason

Village Corner - Best Wine Dinners ER Baird

Sparrow Market, Carl Smith

Roos Roast In the world of Coffee these guys KILL IT. Marv's Bakery and Meats, Located in Brighton, Mi on Grand River.

This place is a hoot. Half the store is a bakery and the other half a butcher shop. The employees have a great sense of humor and are welcoming. Cakes are a "10". Breads are great! Meats are fresh and they have the best stuffed mushrooms. Even though I can't nominate you, Miles of Golf is great!! Susan Bloom

Bagels and Bites, Located in Brighton, Mi on old 23.

This is the best bagel shop in town. Bagels are made fresh each morning at 4:00 am. Staff is great and friendly. Even though I can't nominate you, Miles of Golf is great!! Susan Bloom

Argus Farm Stop. Keeping us fed. Sharon Haar

Arbor Farms Market: When the meal matters the most, they never let you down. Having the best beer selection in town doesn't hurt either. Love this idea to support local business, which in turn, makes me love you even more! Ross Weener

Kroger Grocery Stores (Ann Arbor / Ypsilanti)- Deliver groceries to the car always with a smile and a kind word that we all needed during this time. The orders are typically filled correctly and prices compare favorably with anyone. Stephen Johnston

Wiard's Orchards This is a shameless plug because my mom's maiden-name is "Wiard", and her uncles and cousins own it.....but who doesn't enjoy going to an apple orchard in the fall? Wiard's is the best around because of their variety of activities. Jeff Sloan

Meijer, they have all the products I like at good prices. Michael Dailey

Tippins Market, Saline. Philip Johnson

Zingermans, in A2. No cost spared to make their offerings the best. Expensive, but worth it.

OK, I need to add Miles of Golf. I know this is against the rules, but their club-fitting is top notch. Last time I went in to check on new irons, I tried several with the launch monitor. My club fitter concluded that what I already had in my bag fit me as well as any new set, so he didn't make a sale that day. Honest, experienced, trustworthy. Brent Rector

Frank's Market, In Grand Rapids. An old-style butcher shop. Great quality at a fair price. Brent Rector

Jungle Jim's International Market - Fairfield, OH. This is a massive local grocery store that attracts customers throughout the state and the entire Midwest. It features fresh produce, unequaled meats and cheeses, awesome seafood and a top notch bakery. I am not sure how many employees this location has, but it must be a great place to work because the employees seem to remember every customer that walks in the door. Truly outstanding customer service!

Busch's grocery store; Family run grocery with great selection of fresh produce, meat, fish and beer and wine. Friendly staff always go the extra mile and happy to order anything you can't find Wagner, Deborah

Tippins-Saline

Great selection of wine and liquor. Their pizza is second to none-love their crust. They support many local causes. Dave Hahn

Hardware

I agree about Stadium Hardware. Can't touch that! Alon Kahana

Stadium Hardware: Employees always have an idea that saves me 1-2 trips to the hardware store per project. Life savers! Love this idea to support local business, which in turn, makes me love you even more! Ross Weener

Carpenter Brothers Hardware. Similar to Stadium Hardware...although not quite as big or as "all inclusive"...it has friendly helpful staff and likely almost anything you need to fix around the house or garden...get a project going, etc. Local hardware stores are critical to provide local neighborhoods with "just what you need", especially when in the middle of a project. If we lose them to the large box hardware and lumber stores (which have great value as well), then the neighborhoods would not have the same connectivity and support for the "little things" that arise. Steve Goldstein

Ace hardware in Saline. They have been my go-to place during this crisis. Very cordial with a simple curbside pick-up process. Paul Publiski

Barnes Ace Hardware. I go to both of them but generally visit the Washtenaw location. Staff always greets you and there is always someone there that can answer your questions. Bonus for older golfers - they load mulch and soil into your vehicle so you don't hurt yourself by using the wrong muscles. Of course, you have to unload it when you get home. Brian Fitzgerald

Downtown Home and Garden - Best Polish Pottery Selection & Giant Amaryllis ER Baird

Ace Hardware on Washtenaw Ave. Eric (owner) has assembled a first rate staff who stands ready to help with any and all of my crazy home projects. Ed McEachern

Stadium Hardware, of course. Just when I think I have a project that is absolutely beyond my skill, the folks at Stadium Hardware will carefully explain how to do it and pick out everything I need to complete it. They are a fantastic resource. Many things in my house and yard would still be broken without them. Leslie Arwin

Ace Stadium Hardware: This store has something for everyone from tools and hardware to household items. They always have great furniture and dishware and gifts for holidays as well. You can always find something there Wagner, Deborah

Stadium Hardware, Ann Arbor. Present them with a problem and they will give you the best advice you have ever received from a hardware store plus they always seem to have what you want. Chris Mile

Stadium Hardware. Great selection. Friendly and knowledgeable staff. These folks keep with the "Old School" hardware values. Going out of their way to help. Sometimes for little or no cost to you. Having worked at Schlenker Hardware many years back it would be a tragedy to lose yet another Ann Arbor iconic resource michael fedorko

Barnes Ace Hardware on Washtenaw, Ann Arbor: Barnes is packed to the rafters with things I need, and things I didn't know I needed. Hardware, tools, gardening gear, cleaning supplies, cooking implements. You name it. The staff is super helpful As an aside, here's the key to all of my favorite local businesses: The Staff. Staff at my favorite locally owned businesses know their stock, know their customers' needs and always seem happy to help me out (even when my questions are stupid). John Retzer

Stadium Hardware: You go there with a problem and they find the solution. You don't have to know what you need as they will solve the problem based on your description. Alan Knaus

Stadium Hardware - Wholeheartedly agree with you. A not so glamorous, but totally professional hardware store, topped with a smart, helpful and friendly crew of people. Chris Heaton

Stadium Hardware. Have pretty much everything for the diy person. Great service and helpful professionals on many topics. John Codere

Jack's Hardware (Packard) – Love to ride my bike there on a nice day and get needed supplies from a local business. This store likely has the most merchandise per square foot than any store in Ann Arbor. Brian M. Rubel

Ace Hardware, Washtenaw Avenue and Stadium Blvd stores. Wide selection for everything around the house, excellent service. Rodney Smith

Fitness

Wildly Fit in A2 — if you're going to eat pizza like we do, then you need to have a great trainer to help you stay fit. Christian and Amy Wilds and their team are extraordinary — the passion they bring to fitness and helping their clients meet their fitness goals is inspiring. Love love love them. Robin Wagner

Planet Fitness (on Washtenaw): the monthly pricing is very reasonable, the gym has a wide variety of equipment, and the sanitation stations are close by which keeps the equipment nice and clean. Nathan Greenough

Western Hills Indoor Tennis Courts and Pool. This facility has been around since the early 70's and offers tennis, swimming, and a fitness center montgomery

The Health and Fitness Center at Washtenaw Community College: In safer times, I'm at the fitness center three or more times a week, lifting and doing cardio. It is bright, clean and friendly, and noticeably free of "grunters." The staff runs a bewildering variety of classes. As an aside, here's the key to all of my favorite local businesses: The Staff. Staff at my favorite locally owned businesses know their stock, know their customers' needs and always seem happy to help me out (even when my questions are stupid)

Forestbrook Athletic Club. Brian Smith I love Forestbrooke Pool- the community pool in the neighborhood across Carpenter and north of Packard from MOG. They have hopes to celebrate a 60 year anniversary this summer. I hope they open, and hope there's an opportunity to celebrate. My kids grew up learning to swim, get along, hold jobs, and be part of a team thanks to this gem! Kevin Salley

Red Yoga, Ann Arbor - awesome yoga studio with great teachers and ambiance Laura Petersen

Golf

St. Andrews/Cog Hill Golf Courses (West Chicago and Lemont, IL) - My first job at 14 was running carts at St. Andrews and I was hired directly by Joe and Frank Jemsek (the owners). This is where I learned a strong work ethic (never missed the 4:30 AM start time), moved up in terms of role and responsibilities, learned how to play golf, and have returned many times later in life for more golf rounds, family events, wedding receptions, drinks, and Dad's post-funeral meal. I still know many employees, the owners, and which way every green on the six courses break 47 years after first showing up for work. Some day, I hope to return and be a full-time ranger! Chuck Hookham (born to golf from the left rough!)

Miles of Golf (seriously) - More needs to said about what used to be a weed-infested Pat's Par Three (where I did play a few times, losing many balls in the weeds) that has been carefully grown over time into a true jewel for golf fanatics. Where else can you shop, hit balls, swap war stories, or have a beer with the owner, or get properly fitted for clubs or even golf balls? While I wished my lessons at the Academy would have returned me to my scratch handicap glory days, it certainly wasn't the fault of the instructors who I have seen over the years but definitely my own inabilities with aging not helping. I am probably NOT the most valued customer as I tend to stick with older equipment that works, but do shop there for my family, introduce friends, hang out by the Cluboratory for tips, and look forward to Garage Sales and when the grass tees open every year in the Player's Club. Chuck Hookham (born to golf from the left rough!)

Miles of Golf, Fairfield, OH. Great place to whack on a bucket of balls while trying to prevent the club from following the ball onto the greens Dean Devin

Stonebridge Golf Club-Ann Arbor An upscale public course designed by Arthur Hills. The owners are on site everyday greeting golfers with a friendly smile. Great greens and GPS carts. The course is really challenging from any tee that you pick. Pace of play is very reasonable for a public course. Dave Hahn

Miles of Golf. Yep, I'm going to risk "sucking-up here, however, I honestly feel MOG would leave a big hole for area golfers if it were not here. Fortunately we don't have to be concerned about that as the Miles team will be in place as the season begins. Ed McEachern

Kendall Golf Academy. The only golf instructors I have ever encountered who don't offer pat, band-aid formulas or offer demonstrably stupid truisms. "Oh, your slicing? You must be looking up." "Don't move your head." They actually understand biomechanics, the fluid dynamics that influence the flight of a golf ball through the air, and the adaptations that compensate for age and injury. Harry Frank

Miles of golf-In a business of big corporations trying to sell you the most expensive equipment based on image and ego Miles of golf does a good job of fitting you into what is right for you. And always there to help regardless of how dumb my questions may be.Aaron

Carl's Golfland. I gotta say, I stopped buying gear at Miles except for consumables like gloves.I guess I don't dress head-to-toe in FootJoy, or hit a drive 300 yards, or whatever, but I'm always treated like I'm not worth people's time. Once time I called asking if the store sold Clicgear carts. The person who answered said that "we don't carry them," went to check, then confirmed you don't have them. The next time I was in Miles, there were two of them. Anyway, I drive to Carl's over at Plymouth for gear and shoes. They treat everyone with respect. They also have Trackman RANGE now, which is super cool. Jim Zajkowski

Miles of Golf. SCREW Carls! Michael Dailey

Washtenaw Golf Club -- again, as a golf enthusiast and local coach I spend a lot of time there! Mike Karr

Indian Ridge Golf Club Great staff, great value and fun track. Good mix of holes and tee boxes. Staff provides great customer service. If you didn't have a good time playing golf at Indian Ridge, only you are to blame. John Howard
Even though I can't nominate you, Miles of Golf is great!! Susan Bloom

The U of M golf course. Always my test, can I still walk 18 holes and shoot a decent score. The walk up number 2 fairway has me gasping. Just a short rest before that long approach shot to a green that is, like all of their greens, extremely difficult to putt. William Campbell

Arcadian Antiques. Rhonda, the owner of the Arcadian advised me when I bought my wife's engagement ring from her, that I should not be worried at all if my wife liked the ring or not, what I needed to worry about was how was I going to give her the ring. Excellent advise, I have purchased my wife's jewelry from her ever since. William Campbell

First is Feed Rite Pet Shop in Belleville MI. They are always so helpful & help me get the items my three pets need. They offer their help when you are there & have a wide selection of items for all kinds of pets. Shelly Dabbs

Wheels in Motion, Ann Arbor. A super bike store that's been in Ann Arbor a long time. Also recommended by my brother-in-law who bikes from Ypsi to work in Ann Arbor almost every day. My wife has been swimming and biking a lot recently, (since I'm on the golf course so much?), and she upgraded her old hand-me-down bike for a new one last year. The staff were super helpful, letting her try several models out around the block several times, and helping fit the new bike to her. They also offer a free tune-up in the first month, as the bike gets broken in a bit. I'm wondering how long my old bike will last me after seeing how much better her bike is.

Fly Shop/Guide Service/Learning Center located in Depot Town. These guys are incredibly generous with their time and their knowledge of the sport and industry. Through their seminars, fly tying classes, and their willingness to answer any question that I may have. I have been able to increase not only my knowledge but also my skill set for fly fishing and tying. They have the greatest selection of material and learning tools of any fly shop I have ever been in. michael fedorko

Happy House Gift This place makes me happy as their name. Therefore, I stop by 2-3 times/month even I don't need to buy a card or gift for friends or family. I enjoy window shopping. I always find something I like or interesting. I can get an idea for specific person's gift. So, typically I buy when I saw. Because it may be sold out later. Also, I love their fashion. I also buy my clothing a lot at this place. Junko Sonke

A1 Rental- They have all the equipment they could want they also do party stuff. They can give advice on how to get stuff done. Aaron

Ann Arbor Arms. I stopped shooting at ranges over 30 years ago. The political baggage, misogyny, disdain of novice shooters, and general absence of good cheer were distasteful. Ann Arbor arms is a cheerful, education-oriented, warm and welcoming establishment. They present shooting in the same spirit of family-oriented sport that I'm used to in New Mexico. The staff are helpful without being intrusive, cheerful, and enthusiastically informative with novices, and devoted to (in order) safety and fun. A priest, a rabbi, and a college professor step onto a shooting range . . . Sounds like the introduction to a joke. It isn't. It happened. Fees are very reasonable, and if prices don't always compete with Internet prices, they are typically lower than most brick-and-mortar stores and are sometimes lower than Internet prices when online shipping prices are factored in. Harry Frank

CW Peterson Jewelry, downtown Ann Arbor on Main. Good selection of jewelry. Willing to customize just about anything. Chris was able to upgrade a family heirloom that my wife loves. He kept the main design theme intact while modernizing and upgrading the piece. My wife wears it on a regular basis and couldn't be happier. Other pieces of his work have made great presents and have allowed me to enjoy more time out on the golf course!! Eric Macke

Stein Mart This store was my favorite place when I lived in Cincinnati about 20 years ago. I felt better than TJ Max. I missed it. Now they opened near by my place. I love it. Their taste has changed. But, it is still reasonable prices and unique design. Junko Sonke

I like Scrap Box for offering crafty ideas in recycling and crafting. Their new location is clean, organized, and full of ideas. Kevin Salley

Heydlauff's Appliances - They sell top-quality appliances and offer installation. They might be a few bucks more than the big box stores but you will never get the one-on-one service you get from the folks at Heydlauff's. Trustworthy and knowledgeable service. Brothers Mark, Matt, and Steve Heylauff are all actively involved in the business. These guys are the reason they've been able to outperform the big retailers when it comes to personal service.
